Provides tissue from the thymus gland. Our natural glandular material is derived from government-inspected, range-fed animals, raised in New Zealand and Australia, whose animal husbandry regulations are among the strictest in the world. The material is lyophilized, which means it is immediately frozen, then subjected to a high vacuum that vaporizes moisture directly from the solid state. **Formulated by Dr. Nicholas Gonzalez M.D.**

**Suggested Use:** As a dietary supplement, 1 or 2 capsules two or three times daily with meals, or as directed by a healthcare practitioner.

Serving Size	2 capsules
Servings per container	37
Amount per serving:	
Thymus (Ovine)	1000 mg

Other ingredients: Hydroxypropyl methylcellulose, silicon dioxide, L-leucine.

This nutrient is of the highest quality and purity obtainable, and does not contain preservatives, diluents, or artificial additives.

Variations in product color may occur. Keep in a cool, dry place, tightly capped.

\*This statement has not been evaluated by the U.S. Food and Drug administration. The product is not intended to diagnose, treat, cure, or prevent any disease.

#### Our Customers Say...

Thank you so much for the information! As I stated to Dr. Born, I am in the Masters of Nutrition and Functional Medicine program at the University of Western States. Each of the students picked a supplement company to evaluate and I chose the best, Allergy Research Group. I have used your company...
